

Retirement claim form

Why do I need to complete this form?

Because you are retiring from your employer, you need to tell Alexforbes what to do with your retirement benefits. It is important that you understand your options and make the right decision for you and your financial wellbeing.

Name of fund

Name of employer / paypoint

What are my options?

1 Defer your retirement from the fund and keep your benefits where they are

- Your money will stay invested in the same portfolios

How does this benefit me?

- It is the easiest process.
- You can change your decision or investment option later.

2 Transfer

- Move your money out of your employer fund, with an option to take a small cash portion or transfer all your benefits.
- This option can allow you to buy a monthly pension.

How does this benefit me?

- Your transfer amount will be invested in a fund of your choice.
- You can add any other retirement benefits you have to keep them all in one place.

3 Withdraw all your retirement benefit

- Take your retirement benefits in cash.
- This is only applicable if 2/3 of your total interest in your non-vested portion, calculated together with your total interest in your retirement pot, does not exceed R165 000.

Important:

Before you make any decision regarding your retirement benefit, it is important that you check the values in the vested, savings and retirement pots of your benefit. You can check your benefit online [click here](https://online.alexforbes.com/home) (<https://online.alexforbes.com/home>), on your benefit statement, request a quotation from your human resources department at your employer or discuss with your financial adviser.

If you are transferring to a retirement annuity, or a preservation fund, you must transfer your full benefit without doing a partial cash withdrawal.

Any 37D deductions (for example a divorce order, maintenance order, employer debt, and so on.) will be deducted proportionately from the vested pot, savings pot and retirement pot.

I have received retirement benefit counselling and understand the various options that I may choose and the implications of these options.
